7. It was recognized that the Agency should expedite the completion of the overall task as much as possible because under the provisions of [redacted] the Agency, in ordinary cases, is required to forward earnings records to BOASI within the eleven months' period following the separation or death of the employee; said eleven months' period undoubtedly has already elapsed in a great many cases and it appears important to hold any further delay to a minimum. (The Agency's agreement with BOASI provides that, if necessary, the Agency may delay the transmission of records up to 18 months following the employee's death or separation.)

[redacted]

Per discussion with [redacted] today, FD will assure that all soc. sec. deductions for Contract types have been or are made in accordance with contract provision or amendments - with respect to terminated contracts, FD will make adjustments after receipt of contract amendments which provide for soc. sec. deduction and coverage. FD will cooperate with CPD, but will rely on them for identification and determination as to which terminated contracts should have social security coverage.
